

I SAGAN FANDIPOSITON KOTTURÁT GUÅHAN
GUAM CULTURAL REPOSITORY

**ECONOMIC IMPACT STATEMENT
FOR
FEE STRUCTURE PROPOSED ON JULY 22, 2024**

I Sagan Fandipositon Kotturát Guåhan (ISF; the Guam Cultural Repository) is a part of the Dipattamenton I Kaohao Guinahan CHamoru (Department of Chamorro Affairs) and will be operated and administered by the Unibetsidát Guåhan (University of Guam) until June 30, 2025, pursuant to a Memorandum of Understanding. The ISF receives, maintains, and provides long-term curatorial services for archaeological materials and associated historical documents related to the culture, history, and heritage of Guåhan (Guam) and, to some degree, its surrounding areas.

The ISF proposes to adopt a Fee Structure to support the maintenance and preservation of cultural heritage resources, ensuring their accessibility and long-term conservation. The proposed Fee Structure will directly affect development project sponsors, including Government of Guam agencies, and cultural resource management firms engaged by these sponsors.

The ISF determines that the economic impact to the general public of the promulgation of the Proposed Fee Schedule will cost \$295,709.66. Pursuant to the exemption set forth in 5 G.C.A §9301(i) for costs that are less than \$500,000, the portions of the economic impact statement required by 5 G.C.A §9301(d), (e), (f), (g), and (h) are not submitted.

Submitted this 23rd day of October, 2024.
