COLLEGE OF NATURAL  
& APPLIED SCIENCES

# Study Abroad Opportunity

Discover the sustainable future of agriculture while immersed in the vibrant culture of Taiwan!

## WHAT

Discover the sustainable future of agriculture through the **Smart Agriculture Technology & Culture Experience Study Abroad Program** in Taiwan! Immerse yourself in the latest technology and agricultural practices, including virtual reality technology (VRT) application, farm implement operation, and field practice. Students will also explore topics related to agricultural business and entrepreneurs.

## WHEN

- **Application Deadline:** April 10, 2023, 5 p.m. ChST
- **Required Preparation Period:** May 22-26, 2023 (3 hours per day)
- **Study Abroad Dates:** July 3-16, 2023

## WHERE

- National Pingtung University of Science & Technology
- Chaoyang University of Technology
- National Taiwan Normal University

## WHO IS ELIGIBLE?

- Undergraduate students at UOG (Earn 1 to 3 credits for AL-490, AL-494, or AL-498)
- Graduate students at UOG (Earn 1 to 3 credits for AL-690)

## ESTIMATED COST

\$2,200 for airfare, lodging, ground transportation, meals, and cultural activities. Tuition charged separately. Scholarships will be awarded to 10 students to cover the program cost. Indicate your interest on the application form. Undergraduate agriculture majors and graduate students in the SAFNR program have scholarship priority.

## HOW TO APPLY

Apply online at [url.uog.edu/smart-ag](http://url.uog.edu/smart-ag). You will need to attach your unofficial transcript and a 500-word personal statement on why you're interested in the program.
