PROGRAM**

History

The *I Meyeng* UOG-Certified Online Teacher program began in March 2020 as an online teaching resource hub during the pandemic.

UOG's Online Teaching team — led by Director Andrea Sant; Merissa Bunton, Instructional Design Coach; and Dean Olah, Course Development Specialist — later developed the certification program to help faculty gain new skills and professionalize their online classrooms.

The team received a Triton Team Award in December 2021 for the program's success.

Online Teaching Tools

Overview

A Chamorro word for “expert,” the *I Meyeng* designation is earned by individuals who complete the full program of online teaching professionalization. The approximately 100-training hours include three (20-hour) core courses and three (6-8-hour) workshops.

UOG-OTC program curriculum includes courses and workshops focused on Moodle skill-building and online teaching best-practice scholarship. Courses build from beginner level to more advanced skills as participants explore topics such as how to redesign face-to-face curriculum for online delivery and how to make the most of our learning management system, Moodle.

Certificates Completed

To date (Aug. 2024), 528 course and workshop certificates have been earned by UOG faculty, staff, and students in the *I Meyeng* UOG-Certified Online Teacher program.

Join the 31 UOG faculty who have completed the full training program to become *I Meyeng* certified!

Our Core Courses

Foundations (OTC1)

Learn about essential Moodle activities and resources and how to add them to a Moodle classroom for Moodle-supported F2F teaching up to fully online, asynchronous teaching. Begin utilizing best-practice principles of online teaching and learn how to design your content delivery for equitable access.

Enhance (OTC2)

This core course is designed for individuals building or redesigning courses to receive Faculty Senate approval for online delivery. Enhance focuses on best-practice assessment in online teaching and learning. Prerequisites: Completion of OTC1 or consent of instructors.

Optimize (OTC3)

Learn to maximize Moodle's potential, reinforce your knowledge of online teaching best practices, and complete a successful assessment of your online teaching work. Prerequisites: Completion of OTC1 & OTC2 or consent of instructors.
